23 February 2022 via Microsoft Teams

Agenda

1. [International license](#)
2. [Secretary General's update](#)
3. [Events calendar update](#)
4. [World Records certificates](#)
5. [World Archery Excellence Centre](#)
6. [International women's day 2022](#)

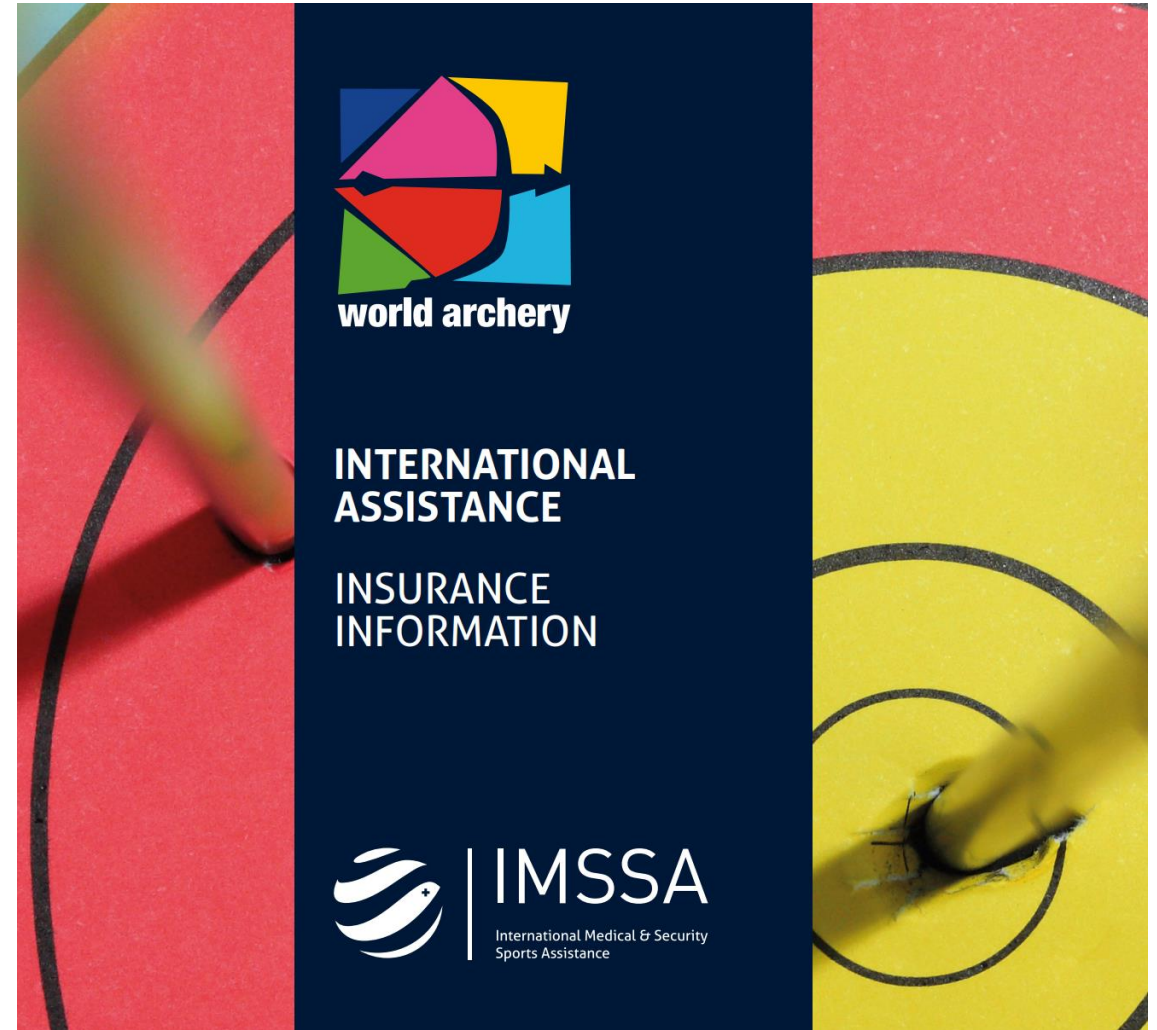

International license

International licence: partner

IMSSA – who is working with:

- FIG (Gymnastics)
- UWW (Wrestling)
- FIS (Skiing)
- FIFA
- FIVB (Volleyball)
- PanamSports
- ANOC
- ITTF (Table Tennis)
- IIHF (Ice Hockey) and many others

- Athletes, coaches and officials who wish to participate in Championships, Games, International and National Tournaments, which are recognised or controlled by World Archery or a Member Association, in one or more of the various disciplines recognised by World Archery, shall be affiliated with a Member Association and have a valid international license (until such time that the Executive Board adopts bylaws as to international license requirements, an athlete's, coaches' and official's membership in his Member Association shall constitute a valid international license.)

Read Book 1, [Art 2.1.1](#)

- Introduction for 2022 an international licence for all World Ranking tournaments and World Championships (so this is for 2022 including World Championships 3D and Field)

International licence: approach

- All registrations through WAREOS need a licence. All registrations through Open Wareos don't need one

Questions asked

1. Will this license cover health insurance for the athletes and officials during all competitions in 2022?

→ No only tournaments where entries were done through WAREOS. So basically World Ranking tournaments, World Championships and Continental Championships

2. Can you specify which competition will need to have licence?

- World Ranking tournaments (including EGP, Asian cup,...)
- World Games
- Continental Championships

3. Youth Events and Indoor Championships don't count towards World Ranking, do they need a license?

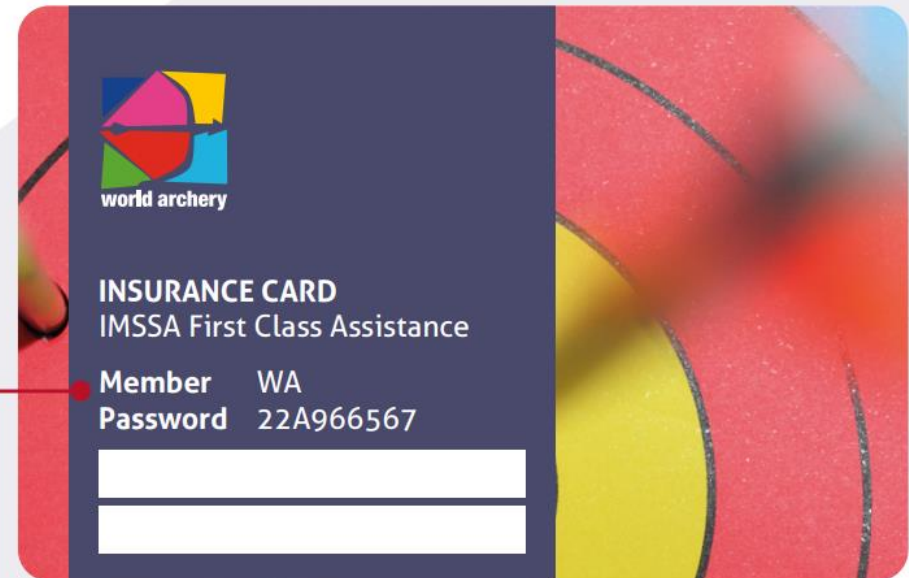

International licence: conditions

- **Cost:** one payment per year/federation athlete or official
 - It is linked to the person not per event
 - 100 CHF
 - Calendar year (01.01 – 31.12)
- **Includes:** travel and health insurance

Question from participants:
We are all sharing same account. Right?
→ Yes

YOUR TRAVEL INSURANCE CARD

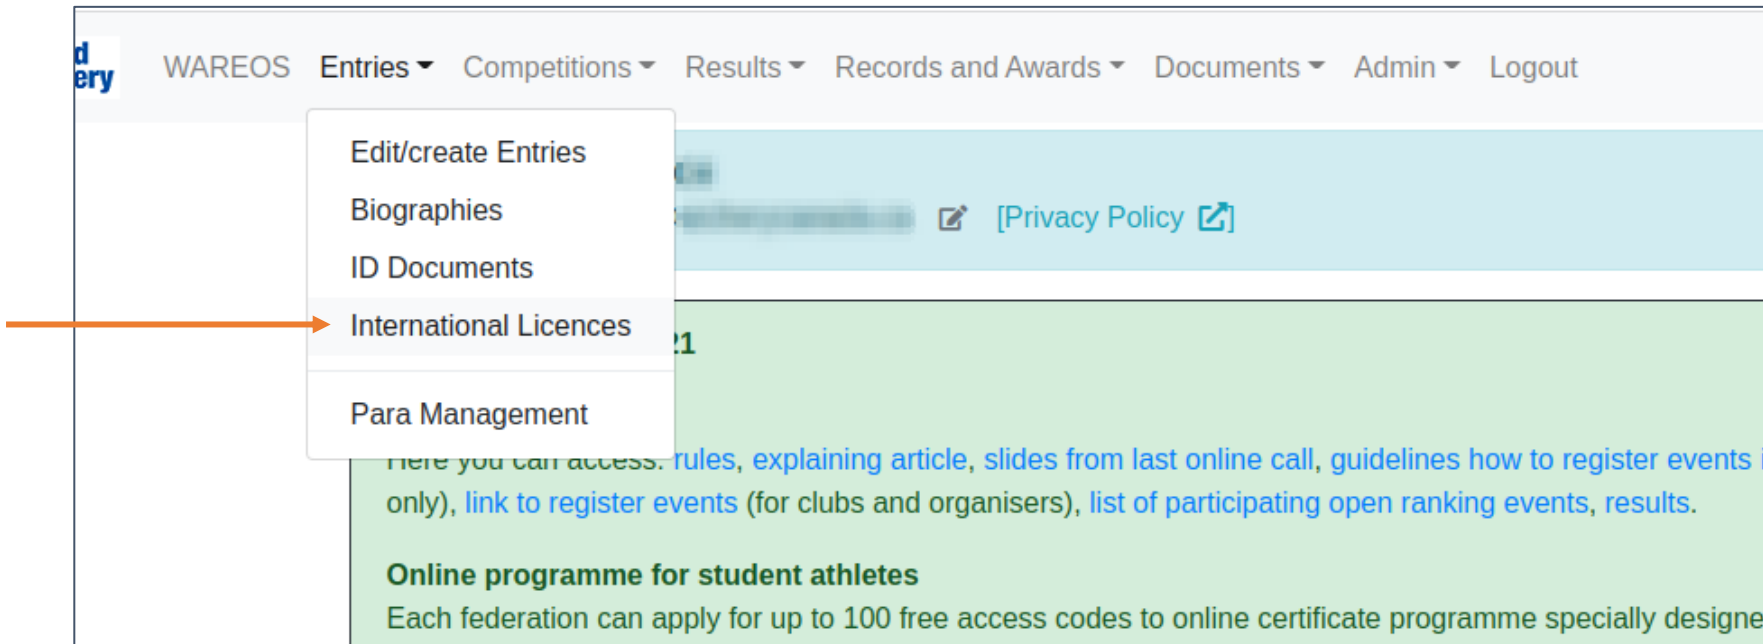

Your universal passport to medical
and security assistance abroad

Your login data for our app and website

International licence: conditions

- Registration would be through the accreditation process and the **invoice would be at the end of the year** like for calendar tournaments and membership fees **or at the first event the person participates**
 - A digital certificate of the licence will be available
 - A federation can opt for payment at the first event an athlete participates but cannot have a mix of the two systems.

The screenshot shows the top navigation bar of the World Archery website. The menu items are: WAREOS, Entries, Competitions, Results, Records and Awards, Documents, Admin, and Logout. A dropdown menu is open under 'Entries', listing: Edit/create Entries, Biographies, ID Documents, International Licences (highlighted with an orange arrow), and Para Management. Below the navigation bar, there is a light blue banner with a [Privacy Policy] link and a green banner with text about online programmes for student athletes.
